

Bachelor of Biomedical Science/Bachelor of Laws 2008 (BBIomedSc/LLB) Course code 3356

The law component requires that students complete 156 points of study, including 12 compulsory units and a further 84 points of Law elective units.

The biomedical science component requires that students complete 96 points of biomedical science units consisting of 14 compulsory units and two biomedical elective units. Students may graduate with the Bachelor of Biomedical Science, or apply for admission to honours in biomedical science at the end of three years of study, provided they have met the requirements of the Bachelor of Biomedical Science program and completed a minimum of 144 points of total study. Students have a maximum time limit of 10 years to complete the course from the date of commencement.

The units listed below are known as the 'quasi-compulsory' units. Students do not need to complete these units to obtain their LLB so technically, they are elective units. However, students who wish to practice law in Victoria must complete these units as part of their law electives(*):
